NORTHERN LABS

ABOUT US

We are a trusted, global provider of value-added solutions to many of the world's leading brands in the beauty, personal care, and home care categories. We partner closely with customers as a critical enabler of their success through ideation, formulation, design, packaging, and manufacturing of products. Every year, we help develop and manufacture products for over 1,000 brands sold in countries all over the world. These products are developed in our 6,000,000+ square foot manufacturing and R&D space.
