

Community Owned...Customer Focused

ABOUT US

For over 100 years, community-owned Manitowoc Public Utilities has been a provider of utility services to the City of Manitowoc. MPU is one of the country's more than 2,000 public power utilities - a utility owned by the residents and the community it serves. During the last century, MPU has recognized its responsibility to provide reliable service, safe drinking water and environmental stewardship - all at a competitive cost. MPU will continue to build on this foundation in the future
